

Sept. 3/80 Wed.

Dear Vickie and Jimmy,

Here we are in a lovely Motel on Lake Chelan. We left home this morning which had turned to Indian summer weather. The drive to Leavenworth and to Chelan is beautiful. Just like you two do, we bought an ice chest and food and had our lunch at a picnic table at Lake Wenatchee. We wish we knew where you were Jimmy, when you are free, but we are at Campbell's Lodge on the south side.

Your letter came yesterday and we were happy about all the great places you are seeing. I am sure you are happy that you have your car there. We love the pictures and Vickie, maybe you would be able to casually mention to your mother that she might want to send them back to me. I would like to look at them more, but anyway I held out the one of you drinking that big pint of beer. I think I will have it made into a poster.

We took Mike to the airport last night (Tuesday) he was really tired and didn't get back till mid-even.

I know you will be happy to see Carolyn and I am glad she is going to see you. I have a dental appt. next Tuesday so we don't have to be home until then but probably will stay away from home only two or three nights. What ever we want we can do.

My pens don't write good on the paper, but dad bought so much of it I have to use it up.

The weather is beautiful here and we are going for a walk now along the lake and have dinner at the best restaurant here.

Love,
Maur
